PHILOSOPHY

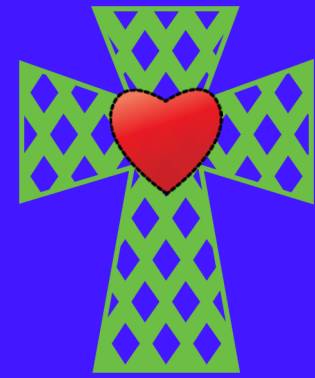

Holy Trinity Preschool strives to provide a positive and creative learning environment for each individual child in an atmosphere of Christian love.

Our learning experiences encourage spiritual, intellectual, social, emotional, & physical growth.

"Play is often talked about as if it were a relief from serious learning. But for children, play is serious learning."

"Our children have been nurtured and loved, while learning the tools necessary for academic readiness. Holy Trinity Preschool lays a great foundation and we couldn't be more pleased!" - Nikki F.

"As a parent, it is such a blessing knowing that when I drop off my children, I know they are in a loving, nurturing environment where they are able to socialize, learn, and most importantly, be a child."

- Melissa V.

CURRICULUM

The preschool program is designed to be an enriching learning experience. Thematic units of study are carefully planned, sensitive to the level of a child's development. These units include activities in religion, math, language, science, social studies, art, and music. Finally, the curriculum is designed to prepare the children to be successful in an elementary school environment while maintaining a loving, caring, and playful atmosphere.

In addition to our regular classes, we offer the following:

- Music class
- Movement class
- Chapel
- Cultural Arts
